**SUBJECT:** OCN Curriculum Roadmap Revision

### **GE COMMITTEE SUMMARY**

The General Education Committee met on Tuesday, November 5, 2024. In attendance were voting committee members Sarah Senk (Chair), Laurie Borchard, Chris Chiego, Ariel Setniker, Aparna Sinha, Cynthia Trevisan, as well as nonvoting members, Mike Strange, Tom Oppenheim, and Christine Isakson.

The committee reviewed the new curriculum roadmap for the Oceanography major over email and confirmed that the proposed changes – eliminating one lower division Humanities course and removing the Area E elective – make the roadmap compliant with the latest revision to EO 1100, effective in Fall 2025.
