

## LOW COST DENTAL RESOURCES

**The Berkeley Free Clinic Dental Section** provides free dental care to the local community for adults and children. Our goal is to provide a dental home for all people who use our services and may not be able to afford or lack access to quality dental care. People do not need to qualify for our services, insurance is not required, and anyone is welcome to participate but it is by lottery. Please look at this web page for more information.

### **UCSF Dental School – Buchanan Dental Center**

100 Buchanan Street San Francisco, CA 94102  
415-476-5608

Monday-Friday, 8AM-5PM

Most of the providers are dental students. The students provide a wide range of comprehensive services including examinations, teeth cleaning, periodontal therapy, root canals, dental fillings, cosmetic procedures, bleaching, crowns, dental implants, extractions, dentures, bridges and treatment of dental emergencies. If you are accepted into the UCSF Dental Center Predoctoral Dental Clinic and have a flexible schedule, allowing for multiple appointments to complete a treatment plan, you will save approximately half the cost of what you would pay for treatment in a private dental practice
